SAN DIEGO MOBILE NOTARY LAUNCHES NEW WEBSITE WITH SELF-SCHEDULING TOOL AND 24 HOUR CHAT HELP

California Signing Services, a mobile notary company based in the Clairemont area of San Diego, has introduced two new features to their website, both of which are designed to make scheduling and customer support as effortless and private as possible for clients.

"Our idea for this expansion stemmed from a time when a client needed to speak with our office, but was afraid of being overheard in her own office," says Alisanne Guido, owner of California Signing Services. "In our modern world, we know that privacy is paramount and we were excited to offer the chat and scheduling features to cater to our privacy-conscious clients and even for those who just prefer not to do their business over the phone."

California Signing Services offers clients the option of having their documents notarized in the privacy of their own home or office. Appointments are available on evenings, weekends, and on the same day and can be made online or by phone.
